The Zippo 2017 Collectible of the Year is a high polished Armor lighter that showcases the 85th logo in the 360 ° MultiCut engraving process which is engraved over the edge, and around the lighter.

A lustre buffed diamond pattern, which is synonymous with an 85th Anniversary, is shown on the front and reverse sides. This symbolic pattern encompasses the epoxy filled Zippo flame adding even more distinction.

The newly designed window box offers an all around view to this limited edition.

The laser rotary combination process enhances the Zippo 85th Anniversary logo with intricate highlights. This anniversarythemed lighter is available in unlimited quantities and packaged in a custom 85th Anniversary box.

ARMOR

Bright-cut engraving produces dazzling facets, resulting in the dimensional look of a beautiful emblem directly on the surface of these Zippo Armor® lighters.

Enhanced with a personalization panel and a gold-flashed inside unit, these extraordinary lighters were the centerpiece of the Zippo Collection 2014. These lighters were created by Grant Duke, a fourth generation member of the Zippo family.

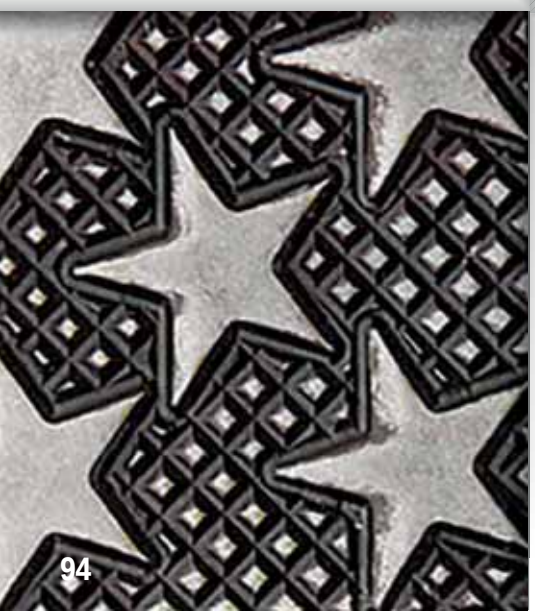

Opulent Armor® Black Ice® lighter with sumptuous deep carve engraving and a lavish diamond-shaped crystal accent, generously sized and used for the first time.

COLLECTOR THEMES

LIMITED EDITION

Windy has been one of Zippo's most beloved icons since she was introduced in 1937, illustrating the new windproof lighter in Zippo's first national advertisement. Since that time, she has been depicted in scores of advertisements, numerous promotional pieces, and hundreds of Zippo lighter designs from all over the world.

Each lighter is packaged in an attractive gift box with an embossed, foil-stamped lid.

The Zippo pipe lighter is made to the same high quality standards as a Zippo windproof lighter, but designed for the special needs of pipe smokers.
The ingenious design encases the flame in metal, allowing it to be drawn directly into the pipe without bending over the side. The result: perfectly lit tobacco, with no damage to the pipe.

REPLICA 1935

The 1935 lighter, one-eighth inch shorter than subsequent models and manufacted for less than three years, has been replicated in stunning detail featuring the original look and elements that made this lighter one of the most collectible in Zippo's history. Like the original, the 1935 Replica features a three-barrel outside hinge joining the lid and bottom, an open hollow rivet that secures flint wheel to inside unit, a flat bottom case, and slashes on the opposite corners of the face and back surfaces. A distinctive bright brushed chrome finish and unique bottom stamp identify the 1935 Replica. The 1935 lighter was the last of Zippo lighter production to feature the hinge on the outside of the case. Coincidentally, 1935 was the first year that company logos were applied to the face of the Zippo lighter, leading to the creation of the Zippo ad specialty division, later known as Zippo promotional products.

BOTTOM STAMP CODES

ZIPPO (1933 - 1954)

ZIPPO (1955 - 1979)

Zippo (1980 - Present)

As with most collectibles, the date of manufacture of a Zippo lighter often affects its value. Valuable information on the bottom of every Zippo lighter can help you determine its date of manufacture. Most lighters fabricated between 1933 and 1957 can be identified by style and model and the patent or patent-pending marks.

Starting in the mid 50s, date codes were stamped on the bottom. The original purpose was for quality control. The date codes have since become an invaluable tool for Zippo collectors.

The appearance of the word "Zippo" in the bottom stamp provides another clue to dating. There have been three major changes, as shown in inset. From 1933 to the mid 50s the word Zippo was stamped in block letters.

The Zippo script logo was developed in the late 40s and was phased-in on the lighter bottom stamp around 1955. In the late 70s the logo was redesigned. It was incorporated into the bottom stamp in 1980.

① On some lighters, this number was stamped in error, should have been Patent 2032695.

② Zippo records indicate an overlap of bottom stamp configurations from 1949-1957.

③ Some lighters produced between 1955-57 were date coded; however, specifics remain unclear.

④ In 1979 an error was made in the date code. One of the slash marks was removed from the left of the Zippo trademark instead of being removed from the right; thus the code read: / //. This date code error was corrected within the same year to read: // /

⑤ Effective July 1, 1986 the dot and slash system was replaced by year / month code. Year is coded by Roman numeral; letter designates month (A=January, B=February, etc.)

⑥ Beginning in 2001, the Roman numerals indicating the year were replaced with numbers corresponding to the last digits of the year of manufacture.

⑦ The first Zippo BLU® butane cases were made in 2005. The date code is the same format as regular windproof lighters.

**Code is subject to change without notice.*

Slim Lighter Identification Codes

Slim lighters were first introduced in 1956, with a flat bottom and no date code. The first markings were added in 1957 and overlapped into 1958. From 1957-1965 the code configuration on the slim lighters differed from the regular lighters. From 1966 on, the configuration has been the same.
